Press Release

Laser Photonics Holds Open House and Offers Distributor Training

Distributors and Sales Agents from around the world to attend Laser Photonics Systems Training and Open House

Lake Mary, FL., December 8, 2008 - [Laser Photonics](#), the industry leader in developing high-tech fiber and CO₂ laser systems for [marking](#), [cutting](#) and engraving applications, announced today its first Distributor and Sales Agent Training and Open House event scheduled for December 8th and 9th, 2009.

"As of today, Laser Photonics is represented in over ten countries including China, Mexico, Singapore, India and Turkey, said Todd Hockenberry, Executive Vice President of Sales and Marketing for Laser Photonics. "This training is a fantastic opportunity to bring our distributors together to meet, learn and brainstorm. The end result benefits our customers throughout the world."

The two day training encompasses a range of modules from system training to sales tactics to marketing tips and hands on learning where each distributor will experience systems such as the [Titan Series](#), Laser Photonics fiber laser cutting machine, first hand. Additionally, distributors and sales agents will have the opportunity to tour the 318,000 square foot facility and meet key contact personnel from Laser Photonics executive, engineering, sales and marketing departments.

About Laser Photonics: Developing laser marking, laser cutting and laser engraving systems for precision material processing industries, Laser Photonics is leading the way with innovative fiber laser and CO₂ laser systems. Our laser machines are used by manufacturers in the automotive, aerospace, industrial, defense, electronic and medical industries around the world. For [additional information on Laser Photonics](#) Fiber and CO₂ Laser Systems for marking, cutting and engraving [applications](#), please contact a representative at 1-407-829-2613, or visit www.laserphotonics.com.
