Laser Photonics Awarded Industry Innovation Award

Economic Development Commission recognizes significant impact on the photonics industry

Lake Mary, FL., December 2, 2008 - [Laser Photonics](#), the industry leader in developing high-tech fiber and CO₂ laser systems for [marking](#), [cutting](#) and engraving applications, recently received the William C. Schwartz industry innovation award for having significant impact in the photonics industry.

The Metro Orlando Economic Development Commission presented Laser Photonics with the William C. Schwartz industry innovation award for the Seminole County, Florida geographical area. The award honors William C. Schwartz, a community leader, business pioneer and innovator within the fields of photonics and optics.

Kristen Breunig, marketing manager for [Laser Photonics](#), accepted the award on behalf of Laser Photonics. "I am pleased to accept this award and honored that the EDC selected Laser Photonics. We strive to be a superb example of innovation, excellence and an industry leader in laser systems," said Breunig.

[About Laser Photonics:](#)

Laser Photonics is located in a 318,000 square foot headquarters in Lake Mary, Florida employing an international team of technology driven professionals Lake Mary, Florida. Developing [laser marking](#), [laser cutting](#) and laser engraving systems for precision material processing industries,

Laser Photonics is leading the way with innovative fiber laser and CO₂ laser systems. Our laser machines are used by manufacturers in the automotive, aerospace, industrial, defense, electronic and medical industries around the world. [For additional information on Laser Photonics](#) Fiber and CO₂ Laser Systems for marking, cutting and engraving applications, please contact a representative at 1-407-829-2613, or visit www.laserphotonics.com.
