Press Release

**DMC
2008**
DEFENSE MANUFACTURING
CONFERENCE
DECEMBER 1-4, 2008
ORLANDO, FLORIDA • USA
BOOTH #541
INTRODUCING FIBER LASER
MARKING TECHNOLOGY

Defense Manufacturing Conference

The 2008 [Defense Manufacturing Conference](#) (DMC '08) will be held December 1-4, 2008 at Disney's Coronado Springs Resort, Orlando, Florida. The agenda is structured to bring together over 1000 leaders and technical specialists from government, industry and academia to exchange perspectives and information about the DOD Manufacturing Technology program, industrial base initiatives and related DOD transformation initiatives.

Attendees will also have the opportunity to interface with over one hundred government, large and small business, and academic exhibitors that will depict current, near and far term manufacturing and sustainment initiatives and technologies in transition from the laboratory to the production floor. **Laser Photonics** plans to demonstrate its superior marking capabilities at the show by showcasing its [fiber laser marking](#) systems. Visit Laser Photonics at Booth **#541** to see the newest fiber laser technology.

For more information on the latest welding, marking and cutting technology or about the show, please call us at 407-829-2613 or visit our website at www.laserphotonics.com.

The **Laser Photonics team looks forward to seeing you soon!**
