Press Release

Get On The Fast Track With Cutting Edge Technology!

This years' Performance Racing Show features High Speed merging with High Tech...
Introducing...The [FiberTower™ MegaCenter](#) to the world-wide racing industry.

Racing products will never be the same again!

Laser Photonics, the industry leader in fiber and CO2 laser systems, will be exhibiting Cutting and Marking Systems at the Performance Racing show. One Laser Photonics System particularly important to the racing industry is the FiberTower™ MegaCenter the largest standard laser marking system featuring an oversized enclosure. Operating as a standalone unit or a part of an inline system, the FiberTower™ Megacenter incorporates an air bearing direct drive planar stepper, Q-Switched Fiber Laser with Scan Head, Industrial PC Controller, Power Supply, Marking Software and a laser safety enclosure. What happens when motorsports meet lasers? SPARKS!

See it in action! Visit us at booth #5638
